## THE STATE OF NEW HAMPSHIRE

[ L. S. ]

To the Inhabitants of the Town of Salem, in the  
County of Rockingham, in said State, qualified  
to vote in town affairs:

You are hereby notified to meet at the town house,  
in said town, on Tuesday, the tenth day of March  
next, at twelve (12.00) of the clock noon, to act  
upon the following subjects:

Art. 1. To choose all necessary town officers for  
the ensuing year.

Art. 2. To raise such sums of money as may be  
necessary to defray town charges for the ensuing  
year and make appropriations for the same.

Art. 3. To see if the town will vote to raise  
any more money for the repairs of highways than  
the law requires.

Art. 4. To hear the reports of agents, auditors,  
committees or officers heretofore chosen, and pass  
any vote relating thereto.

Art. 5. To see if the town will vote to authorize  
the town treasurer to hire, with the approval of  
the selectmen, such sums of money as may be needed  
for general purposes in anticipation of taxes.

Art. 6 To see what action the town will take relative to lighting the streets, and raise money for the same.

Art. 7. To see if the town will vote to raise a sum of money not to exceed five thousand dollars (\$5,000), for the purpose of providing police officers for the ensuing year.

Art. 8. To see if the town will vote to raise a sum of money not to exceed three thousand dollars (\$3,000), for the maintenance of the fire department for the ensuing year.

Art. 9. To see if the town will vote to raise the sum of three thousand dollars (\$3,000), or any part thereof, for the removal of snow from the highways and general highway expense.

Art. 10. To see if the town will vote to raise a sum of money not to exceed fifteen hundred dollars (\$1,500), to be expended for defense purposes

Art. 11. To see if the town will vote to raise the sum of three thousand eight hundred and seventy-one dollars and fifty cents (\$3,871.50), and apply for Class 2 aid to be expended on the Lowell road.

Art. 12. By request of library trustees. To see if the town will vote to raise the sum of nine hundred dollars (\$900), or any part thereof, above the sum required by law, for the support of the Salem Free Public Library for the year 1942.

STATE TAX COMMISSION  
CONCORD, NEW HAMPSHIRE  
October 6, 1941

**Certificate of Audit**

This is to certify that we have audited the accounts and records of the Town of Salem, New Hampshire, for the period from February 1, 1940, to September 17, 1941, and we found them to be correctly cast and properly vouched, subject to comments submitted herewith.

We submit our report herewith in the form of Exhibits and Schedules which, in our opinion, reflect the financial condition of the Town of Salem as of January 31, 1941, and as of September 17, 1941, to the best of our knowledge and belief.

The various Schedules, together with our comments attached, will give the results of operations for the period under review.

Respectfully submitted,

HAROLD G. FOWLER, Director,  
Division of Municipal Accounting,  
State Tax Commission.

L. WALLACE HALL,

Justice Municipal Court of Salem.

## REPORT OF THE SALEM FIRE DEPARTMENT

---

The Fire Department has had one of its most busy years. The department answered 125 calls which was thirty-five more than last year. There were 109 bell alarms and 16 still alarms. Fifteen alarms were from out of town. Two drownings were handled at nearby lakes. Outside of new tires the department is in splendid shape. A new roof has been put on the fire house. The fire loss amounted to \$33,424.80 which was very heavy for this town. \$17,610.00 carried no insurance at all.

The department is training an auxiliary group of young men in fire fighting and the rudiments of first aid. This body of fire fighters will greatly increase the ability of the company in case of emergency. The usual Christmas tree for all youngsters was enlarged this year. Moving pictures and other treats were given to a large group at the Odd Fellows Hall. The company wishes to thank the citizens of Salem for their continued cooperation.

Respectfully submitted,

ROBERT V. EBERT,

Chief.

RICHARD K. BODWELL,

District Treasurer.

THE DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION  
Concord, New Hampshire

September 29, 1941.

To the School Board, Salem School District, Salem,  
New Hampshire:

Gentlemen—We have completed an audit and examination of the accounts and records of the Salem School District for the fiscal year ended June 30, 1941, and submit our report herewith in the form of Exhibits together with the usual Certificate of Audit.

We found the accounts and records in very good form and well supported by vouchers and checks. All bills were properly approved by the School Board and Superintendent who classifies all expenditures, showing such classification on original invoices.

The cash balances were verified by reconciliation from statements obtained directly from the Bank where funds were on deposit, and the Treasurer's accounts were compared with supporting checks and vouchers. All records were found in full agreement.

From the result of our audit and examination, we prepared the various Exhibits submitted herewith and which, in our opinion, reflect the financial activities of the School District during the period under review.

We offer our sincere thanks and appreciation to all district officers who have so generously extended

continued assistance and attention to members of our staff.

Respectfully submitted,

HAROLD G. FOWLER, Director  
Division of Municipal Accounting,  
State Tax Commission.

Noe Allard, Auditor,  
Alan R. Matthews, Accountant,  
Harry G. Hager, Accountant.

## REPORT OF SCHOOL BOARD

To the Citizens of Salem:

We take pleasure at this time in presenting to you our annual report of the conduct of the affairs of the Salem School District. Due to the fact that we have attempted to take care of all items of maintenance each year, the schools this year were found to be in good condition and as a result, we were not obliged to spend much time or money on them.

Schools No. 1 and No. 5 were painted on the outside. This year we plan to paint No. 6 school in a similar manner. This method of rotation keeps all the school buildings in good condition as far as paint is concerned and at the same time eliminates any large expense at any one time. All other school buildings were cleaned as usual and in all cases minor repairs were made as needed.

For a number of years we have been concerned about the cesspool condition at No. 8 school. We believe that this condition has now been remedied so that we shall not have further difficulty here.

We have installed an extra oil tank at No. 1 and No. 9 schools to safeguard as far as possible our fuel supply at these two schools. At the high school we replaced the old hedge along the east driveway with a new one, giving this one plenty of new loam and fertilizer. This should improve the appearance of the whole school front.

In behalf of the people of the school district, the school board wishes to thank Mr. and Mrs. Earl E. Gordon for their gift of a fine piano now at No. 1 school. This will be of great help to the teachers and pupils at this school.

At the beginning of the last school board year it was voted to incorporate into each school board report a record of the rentals of the Woodbury High School Auditorium so that the amount of money paid to the district might be a matter of public record.

This year our paid rentals were as follows:

|                          |         |
|--------------------------|---------|
| William Barron .....     | \$ 8.00 |
| British War Relief ..... | 8.00    |
| Girl Scouts .....        | 8.00    |
|                          | <hr/>   |
|                          | \$24.00 |

This amount was turned over into the general fund. The board has set this figure of \$8.00 as an amount which will cover the cost of opening the hall, with service, heat, light and wear and tear for an evening. We have felt that this amount was fair and should be paid by all with no exceptions, unless such exception should be for the general welfare of the community. Following this procedure, to which we have rigidly adhered for a number of years, we have this year allowed the evening use of the auditorium for the Defense Night Program, and the meetings of the Parent-Teachers' Association and an afternoon to the Salem Women's Club without charge.

The new athletic field has been very beneficial to sports at the high school and has contributed greatly to the increased support of our high school athletic program. For this renewed interest and support on the part of more of our citizens, we are indeed grateful.

Again we wish to take this opportunity to thank the people of the district for their interest in the

affairs of the school system, for their many helpful suggestions and the general cooperation of all concerned.

Respectfully submitted,

HOWARD S. WILLIS,  
HOWARD C. SMITH,  
CLARENCE W. MERRILL,

School Board.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Salem:

I herewith submit my annual report as Superintendent of your schools.

The Statistical Report is for the school year ending June 30, 1941. This report is followed by the reports of the Headmaster of the High School, and the Music Supervisor.

The following shows the changes in teaching staff which took place during last summer:

After serving as Headmaster of the Woodbury High school for the last five years, Mr. Harlan Atherton resigned his position to accept the position of Superintendent of Schools at Goffstown, N. H. Mr. Eugene Rourke, who has taught History and Economics at the High School for six years was elected to the Headmastership. The vacancy thus created was filled by the election of Mr. John Peterson. Mr. Howard McPhee tendered his resignation and Mr. Ralph Meacham was elected to this position. Miss Kathryn Walsh of the Junior High School, Miss Faith Bullock at the No. 5 School, Miss Marion Keogh at No. 6, and Miss Donna Martin of No. 7 School all resigned as teachers in the Salem schools to be married. Miss A. Frances Carroll was elected as teacher in the Junior High school, Grade seven room, Miss Maryclare Hayes as teacher at No. 5 School, Miss Virginia Stone fills the vacancy at No. 6, and Miss Alice Lynch takes the place of Miss Martin at No. 7 School. Miss Barbara Annis resigned as Primary teacher at No. 9 School, and was replaced by Miss Alma MacTammany.

Miss Adelaide Hilliard, Miss Madeliene Kean, and Mrs. Helen Titcomb were enrolled in the Keene Teachers' College Summer School. Miss Doris Martin and Mr. Clifton Smith both attended Boston University during the summer. Miss Mildred Myers attended the summer school conducted at the University of New Hampshire, and Mr. Ralph Meacham attended summer school at Syracuse, N. Y.

The enrollment for the year covered by this report was seven hundred and thirty-three, which was twelve more than during the previous year. The school attendance averages 94.64 per cent of the membership, as compared with the state average of 94.70 per cent.

Forty-seven boys and girls completed the work of the eighth grade last June. All but five of these have entered a high school this year. Each year the pupil in the graduating class of the elementary schools who has best exemplified the principles of good citizenship is awarded a medal by the Sons of the American Revolution. The award this year was presented to John E. Gronbeck. The Scholarship Medals given by the Salem Board of Trade, to eighth grade students, were awarded as follows:

|              |                  |
|--------------|------------------|
| Gold Medal   | Elizabeth Magoon |
| Silver Medal | Nancy Dyson      |
| Bronze Medal | Robert Martin    |

The report presented by Mr. Rourke, Headmaster, contains detailed information about the Woodbury High School. The results of the fine school spirit on the part of the student body, and the competent efforts of the teaching staff, are most gratifying. The school continues to progress and ranks well among the high schools of the state.

Mrs. Catherine Hammond has continued her classes in lip-reading and speech training for the hard-of-hearing school children. It is intended that, in addition to continuing this work for another year, additional classes will be established so that a larger number of children who need this assistance can be accommodated.

Miss Helen Thomas, our school nurse, has been absent, due to illness, since November. Mrs. Elizabeth Hay of Hampton is taking her place, and is doing excellent work directing the health program in the Salem Schools.

In December the recommendations and suggestions of the National Council for Civilian Defense, for the care of children at schools during air raids, were adopted and put into practice in all our schools. The air raid shelters have been selected and the children, through frequent drills, have become accustomed to using them. Schools have been equipped with pails and shovels for the handling of incendiary bombs. The older children have been given minor responsibilities in this work and drills have been so conducted as to allay fear among the children.

Emphasis on the academic program, and particularly on Reading, Arithmetic, and Health, has been maintained. The primary reading program has continued to be based on the "Alice and Jerry" series of textbooks and instruction material, in grade one through grade three, which have proved effective. We have also tried to diagnose reading disabilities and their causes, and to plan work to fit individual needs. The Metropolitan Achievement Tests, and the Otis Tests on Mental Ability have been given and prove most helpful in this work. The Arithmetic program is based on the recommendations made

in 1936 by a national committee of specialists in the teaching of arithmetic in the elementary schools. This program, with diagnostic tests and remedial work has made the instruction more effective. All arithmetic books now printed follow the new recommendations. As older text books have become worn out, we have replaced them with the new Curriculum books.

One of the aims of the No. 1 School has been to eliminate individual reading difficulties. Remedial reading is given to the children who were found to be deficient in the reading skills. With this special remedial work, it is hoped to eliminate the difficulties discovered. The use of weekly readers subscribed to by the children is helping to make this work successful. The safety and health of each individual is a matter stressed in this school. The Safety Patrol is functioning effectively and continues to be of real service. The children have willingly accepted their part in National Defense. Economy in the use of paper and other supplies is exercised, and all waste materials are saved and stored for defense use. The children have all contributed 100 per cent to the Red Cross.

Hot lunches are served at the No. 4 School to supplement lunch box contents. A small charge is made to each pupil to cover the cost of ingredients. Great enthusiasm is being shown in a First Aid Course offered to grades six, seven and eight, dealing at present with the art of applying bandages. A special activity at this school has been the improvement of correspondence. Not only are letters written as class assignments but they are actually mailed. This stimulates an effort for better expression, and a minimum of errors, as well as for better penmanship.

In an effort to prepare children as future citizens, a student government has been set up at No. 5 School. A unit on transportation, for which airplanes, boats, and canoes were made to supplement the daily lesson, not only showed the group the value and improvement in transportation, but also developed a knowledge of the various articles constructed. Good sportsmanship is fostered through the competitions of two baseball teams. Waste paper, saved and collected by the children, is turned over to the Boy Scouts for defense purposes.

At the Depot School the development of reading skills and a love for good reading is furthered by book corners or libraries in some of the rooms. Bulletin Boards tend to keep the children alert to world affairs as well as develop neatness and originality in the selection and arrangement of material. In grade one the creation of large posters is used to encourage expression of ideas in a concrete form. Health scrapbooks in grade two have shown marked success in forming better health habits. A unit on the Indians in grades two and three brought about an appreciation of their life and work, and how they contributed to our present mode of life. A form of student government is used in this room to develop better citizenship. The Nature Club in grades 4, 5, and 6 has helped the boys and girls to better observe and appreciate their local plant and animal life. The safety patrol organization in this school functions efficiently, and teaches responsibility in the protection and guidance of other people.

A unit on Homes at the No. 7 School furnishes a knowledge of good living conditions, which the children exercise in their schoolroom. A library table was remodeled and varnished by the boys in Grades 5, 6, and 7. This gave a knowledge of the practical

use of woodworking tools as well as encouraged pride in personal achievement. In connection with teaching safety and health in this school, original stories were written and illustrated by the pupils.

The children of the No. 8 School subscribe to a weekly periodical which has helped greatly as a source of material for Current Event discussions. "Red Cross 100%" is the motto of this school and each child proudly displays his membership tag, a Red Cross emblem made by the children themselves. The safety patrols continue to be very beneficial. A group of twenty children went caroling at Christmas time, visiting many homes in Salem, where they were very graciously received. The Cowboy Band, made up of twelve boys joined the group, and all brought joy and Christmas spirit to the people of Salem. Sunshine Baskets have been sent to classmates who are ill.

The Health Program at No. 9 School has been supplemented by the use of Health Notebooks, charts and posters. The girls in grades two and three are learning the fundamentals of knitting with the possibility in view of doing war-knitting. The girls asked for these instructions and have shown great interest in them. Some fine handwork has been done by the upper grade classes at this school. Individual music booklets have been made by the pupils in connection with the study of Music Appreciation.

Radio programs, intended for use as aids in teaching history, geography and literature, have been utilized each week. These programs have been most helpful to both teachers and pupils. Motion picture films have been used to a limited extent in teaching history and geography. We hope to make it possible to use them more often in the near future.

The Educational Policies Commission of the National Education Association performed a splendid service to education by preparing a bulletin in January entitled, "A War Policy for American Schools." In this report the commission suggests that education can make its best contribution to the war if school boards and educational workers consider carefully the following activities as both necessary and appropriate war duties of the schools:

Training workers for war industries and services.  
Safeguarding health and physical efficiency.

Producing goods and services needed for the war.

Conserving materials by wise consumption and salvage.

Helping to raise funds to finance the war.

Increasing effective man power by correcting educational deficiencies.

Protecting school children and property against attack.

Protecting the ideals of democracy against war hazards.

Teaching the issues, aims and progress of the war.

Sustaining the morale of children and adults.

Maintaining intelligent loyalty to American Democracy.

The Commission reminds us that there was never a time when educators carried such a heavy responsibility, nor ever a time when their work was of greater significance. The schools have an important part to play in the battle for democracy. The times ahead will call for more generous financial support of the schools. The cost of supplies is rising rapidly. Fortunately schools are assured of reasonable supplies through a priority rating.

A shortage of teachers already exists not only in the elementary schools, but is even being felt in the high schools. We must do all that is possible to

maintain the quality of our schools. We must strengthen them rather than allow the standard to be lowered as happened during World War No. 1.

Among the problems for future action in connection with the school plants are: (1.) Building of a Mechanic Arts Shop at the High School. (2.) An addition to a central school building, probably No. 6, so as to make it possible to consolidate No. 7, No. 5 and No. 4 Schools at this building, and thus provide better housing facilities. (3.) The fencing of school grounds, especially No. 8 and No. 9 Schools, to prevent entry during the time school is not in session.

In conclusion, I wish to express my thanks to the members of the School Board for their interest and activity in the planning and carrying out of the school program, of the past year. I would also commend the teachers, who meet the children from day to day, for their loyal cooperation in handling the numerous problems of instruction and leadership. We have had fine public support for the school program. The training of our youth is a joint task, all community and home agencies must cooperate if it is to be well done.

Respectfully submitted,

WILLIAM J. NELSON,  
Superintendent of Schools.

## HEADMASTER'S REPORT

To Mr. William J. Nelson, Superintendent of Schools:

I herewith submit my annual report as Headmaster of Woodbury High School.

School opened Wednesday, September 3, 1941, for its seventeenth year with a total enrollment of 283 pupils. Since then the enrollment has increased to 298. Following is a table of enrollment by classes:

| Grade | Total Enrollment | Discharges | Present Enrollment |
|-------|------------------|------------|--------------------|
| 7     | 54               | 6          | 48                 |
| 8     | 51               | 3          | 48                 |
| 9     | 52               | 10         | 42                 |
| 10    | 47               | 2          | 45                 |
| 11    | 43               | 1          | 42                 |
| 12    | 51               | 1          | 50                 |

There are 7 tuition pupils in school: 1 from Atkinson and 6 from Windham.

|  |    |
|--|----|
| The record of the graduates of 1941 is as follows: |    |
| Entered college (not including teachers' college)  | 3  |
| Entered teachers' college                          | 1  |
| Entered business school                            | 2  |
| Entered technical school                           | 1  |
| Postgraduate                                       | 1  |
| Employed   | 16 |
| Unemployed   | 10 |

Two members of the class of 1940 enter teachers' college in 1941.

The first half of the current year ended, Friday, January 23rd, and some of the most important accomplishments of that time are included in the following paragraphs.

In the classes there prevails a fine feeling of common interest between the teachers and the pupils. Practically the same courses of study were offered this year as in the past years. More teacher time has been given to some of the junior high classes, namely, mathematics, history and English, than in past years. With enrollments as large as those in grades 7 and 8 it not only desirable, but necessary to extend the length of some of their class periods. This has been done, however, without penalizing the senior high classes.

Guidance groups have been conducted as in previous years and a great deal of time has been spent in individual conferences. These were not only to rectify the mistakes already made but also to prevent the occurrence of such mistakes as might arise. I think we are all conscious of the need of offering another curriculum, probably manual training, to the boys; some of this training to be given to all the boys and more to those who would benefit by such further instruction. However, this should not serve as an alibi at the present for boys not doing their current classwork well for so many times such an argument is used when even if we did offer this curriculum those same boys would still fail to do their work.

In the activities outside the classroom we have striven to encourage the "idle 50%" to participate. Pupils who attend school for classes only are missing many of the benefits to be derived from an education. This year the number of school dances has been increased by one, the number of parties has been more than doubled, all under the direction of the students and supervision of the faculty. All the pupils in the school, both junior and senior high, have been given an opportunity to express themselves in some club activity. These have met with tremendous

enthusiasm and should be a permanent part of our program.

The operetta, "The Hidden Treasure," was presented in November and offered an opportunity for all seniors and many other classmen to participate. It was well received.

The athletics in the school have aided materially in arousing school spirit. We were very fortunate to have the fine new athletic field at our disposal for football, and are looking forward to using it in the spring for baseball. In addition to our regular varsity football squad there was a junior high squad which was taught the rudiments of the game. The usual program in basketball is being followed except that the varsity teams are playing more opposition in our own class. In addition to these teams there are the junior varsity boys' team which will play four games, and groups of junior high school boys and girls.

The student council has been very active this year and have voluntarily assumed many responsibilities about the school. In most instances the faith placed in this organization has been well-founded. The Ray, the school paper, also has been continued.

Hot lunches are once again being served during the winter months and although the prices of food have risen it has been possible to give a generous helping at no increase in prices to the pupil. This is a project of the Home Economics department, finances itself, and serves an urgent need in the school.

In the second half of the year much of the work of the first half will be continued, in addition to the senior play, dramatic contest, volley ball tournament for girls and boys, senior supper, baseball, senior class trip and graduation. I hope that in these activities an even greater number will participate than have to date. There is too much of a tendency in

smaller schools for a few to be leaders in all activities.

Parents should feel free to call at the school at any time. All of us teachers welcome an opportunity to talk with any of the parents and regret that time does allow us to visit most of the homes.

I wish to extend my appreciation to the teachers and pupils for their most loyal support, and to thank you, the school board and the citizens of Salem for the cooperation given to me.

Respectfully submitted

EUGENE ROURKE.

## REPORT OF SUPERVISOR OF MUSIC

To Mr. W. J. Nelson, Superintendent of Schools:

I herewith submit my annual report as supervisor of music in the Salem Schools.

The pupils of the lower grades have an organized course in note singing; the songs are written within the range of the child voice and of simple rhythm. The elements of musical notation are taught step by step throughout the grades.

The work in Musical Appreciation includes the study of the instruments in the Symphony Orchestra, and several works of the great masters.

On November 20 and 21 the students of Woodbury High School presented the Fearis Operetta, "The Treasure Hunters." There was a great amount of enthusiasm in the undertaking, and the affair was a success financially.

In conclusion, I wish again to express my appreciation to you, the teachers and students for the co-operation and support given me during the year.

Respectfully submitted

EVA W. THOMPSON.
